# Jérémy-Morgan PATOLE

## Technical Project Manager | Software Deployment and Integration

Paris, France | +33 7 69 28 00 57 | jerempatole@live.fr | LinkedIn | Portfolio

## PROFILE

Engineer with a Master's degree, trained in project management and data. I run client projects end to end: scoping, documented decisions, acceptance testing in the client's environment, delivery and defect tracking. 3+ years of technical consulting for a major defense company, under strict security, standards and configuration constraints.

## SKILLS

**Project management:** Scoping and requirements gathering, milestone planning, risk management, action tracking, acceptance testing and sign-off, reporting, multi-stakeholder coordination

**Deployment and integration:** Application installation and configuration (macOS, Windows), third-party software integration, configuration scripts, version and release management

**Client support:** Clarification workshops, installation guides, user training and support, documentation

**Technical:** Python, SQL (MySQL), APIs, Git / GitHub (pull requests, code review, issues), automated testing, PLM configuration management

**Tools:** Notion, Trello, Tableau, Power BI, Microsoft Office, VS Code, DataMiner, Qligent, CATIA V5, VPM

**AI:** Building and orchestrating AI agents (Claude Code, Codex) within a human review loop

## PROFESSIONAL EXPERIENCE

### Technical Project Manager and Acceptance Testing Lead

Sep 2026 - Present

VekTrel, client project TMRC FX, Paris, France (hybrid)

Co-led a client project end to end: EUR/USD market analysis assistant connected to MetaTrader 5, delivered as a desktop app for macOS and Windows.

- Scoping: 20 blocking questions submitted to the client and resolved into documented decisions, reduced scope, signed proposal
- Second reviewer of the commercial proposal: line-by-line check against the decision log, 4 reservations cleared
- Milestone-based management with acceptance criteria (governance, prototype, acceptance), defect and change tracking in GitHub, platform contract amendment handled with the client
- Deployment and acceptance testing in the client's environment (macOS, MetaTrader 5): scheduled test sessions, demo scenarios, installation guides
- Coordinated a team of 3 and AI agents: handover documents, pull request reviews, 33 releases shipped, about 740 automated tests

### Design Engineer (consulting), Rafale electrical installation

Oct 2022 - Mar 2025

ALTEN SA (engineering consultancy), on assignment at Dassault Aviation, Saint-Cloud, France

- CAD integration (CATIA V5) of wiring harnesses and equipment on three variants of the Rafale fighter jet (Navy, single-seat, two-seat), following Dassault Aviation standards and military specifications
- Aircraft configuration and documentation management in PLM software, rigorous change tracking
- Interface with the design and production teams of a major defense company, under strict security requirements

### Engineering Intern

Feb 2022 - Aug 2022

Stellantis, Technical Center, Vélizy-Villacoublay, France

- Analysis of mechanical and statistical calculations to optimize steering system sizing and model robustness

## EDUCATION AND CERTIFICATIONS

### Data & AI Bootcamp, French state-registered certification (RNCP37827, Block 1, EQF level 6)

Oct 2025 - Dec 2025

Ironhack Paris. Full data lifecycle, from collection to decision-making.

### Project Management Certification

Apr 2024

ORSYS, La Défense (Paris). Project steering, sponsor requirements, deliverable quality, stakeholder satisfaction.

### Master's degree (MSc) in Mechanics of Composite Structures, Aeronautics

2018 - 2020

Paris Nanterre University (UFR SITEC). Optimization and reliability, aircraft architecture, structural dynamics.

### Bachelor's degree (BSc) in Engineering Sciences, Mechanics

2016 - 2017

Paris Nanterre University

## LANGUAGES AND INTERESTS

**Languages:** French (native) | English (fluent, professional working proficiency) | Spanish (basic)

**Interests:** DJ (house, afro house, hip-hop, amapiano) | Piano and percussion (20 years) | Martial arts (16 years)
